Danielle is working the same issue. I don't know why she is not letting me handle this.

I do need a direct response from you as to what columns need to be removed from the spreadsheets I sent earlier today. to deal with the personal identifier issue.

Bob,

We assume that the recent email from Danielle pertains to the same data you were referring to here and that you no longer need an answer from us.

Is that correct?

Thanks

Tim

After I sent the message, I realized the spreadsheets would be useful to you. Here they are:

(See attached file: Table 2 2004 data REVISED.xls) (See attached file: Table 3 Selected Data REVISED.xls)

In Table 2 view the Table 2 corrected tab. In Table 3 view the Table 3 New tab.

Bob, Can you please send us the spreadsheets so we can review them?

Thanks

As I feared the SAB Panel is asking for the data files used in our assessment. There is a problem with personal identifiers in the spreadsheets. Would it be adequate to remove the gender and age columns and sent the spreadsheets?

We have two spreadsheets - one with individuals merged from the 1980 and 2002-2005 health examination and one with only the individuals in the 2002-2005 health examination.

Please discuss with your group and let me know how to proceed. Call me if you want to discuss (303-312-7070).
